I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My sister and I both use
compounded medications sent to us from
out of state. Because of symptoms and
hormonal needs are different, we have
very different prescriptions. But in both
cases, the medications have restored our
quality of life. We ask you not to
restrict this legal, safe and effective way
to receive pharmaceutical services.
